

SYSTEM OVERVIEW

The Swing Trader trades the S&P Emini and Ten Year Note utilizing a proprietary blend of technical indicators designed to generate alpha while attempting to reduce risk. This algorithm is primarily a trend following/momentum based algorithm, while also taking on characteristics of a mean reversion algo.

COMPANY OVERVIEW

AlgorithmicTrading.net is a third party trading system developer providing high quality quantitative trading systems which can be traded on your personal computer or through a letter of direction with one of our supported brokers. AlgorithmicTrading.net is not registered with the NFA as a CTA, claiming the self-executing exemption from registration granted by the CFTC.
